Sampson County veteran keeps his home after near-repossession

By Greg Barnes Staff writer

AUTRYVILLE - At 9 Thursday morning, it appeared nothing could be done to stop a finance company from repossessing Bruce Waldahl's mobile home.

Trucks had already gathered on the dirt street in front his home, waiting to haul it away because Waldahl was four months and \$2,000 behind on his mortgage.

A representative for the finance company, Green Tree Servicing LLC, said there was nothing he could do. A court order is a court order. The Sampson County Sheriff's Office said the same.

Ann Knowles was in tears.

Knowles has been helping Waldahl, a disabled Army veteran, for years through her job as the Department of Veterans Affairs' services officer for Sampson County.

"People just don't know how appreciative he is," she said.

Knowles had just offered to pay the \$2,000 out of her own pocket to bring Waldahl's mortgage payments up to date.

Nope, she said she was told, "we're cutting the bolts. We're moving it. Period."

But then a curious thing happened.

Knowles went to Waldahl's mobile home, at 88 Reagan Lane outside Autryville, where she was greeted by the Green Tree representative and several Sampson County deputies.

The deputies said they were concerned that Waldahl, who remained inside the home, had weapons.

Knowles started talking to the Green Tree representative. She said she learned that his son, who had twice been overseas with the military, had been killed in a motorcycle accident after returning home.

She said the empathetic representative agreed to call the home office in South Dakota. Within an hour, a deal was struck: Green Tree would accept Knowles' \$2,000 check, and Waldahl had agreed to repay Knowles as soon as he could.

The trucks pulled away with nothing in tow.

Afterward, Knowles, Waldahl and his family exchanged smiles as they huddled in his front yard.

"I couldn't have gone home and slept tonight knowing he was out of a home," Knowles said.

Waldahl, who is 58 and uses an electric wheelchair to get around, said a series of unfortunate circumstances led to him getting behind in his mortgage payments.

He said he had been sick for some time, and his wife began handling their finances. Waldahl said he was supposed to have received a letter from the VA stating that he needed to sign documents verifying that he remained 100 percent disabled. He said he never got the letter, and the VA reduced his disability benefits to 70 percent.

In turn, that caused his Social Security disability benefits to be cut, Waldahl said, only he didn't realize it because the money is deposited directly into his bank account.

Waldahl doesn't hesitate to say he and his family made mistakes and are largely to blame.

"A whole bunch of little things became one big thing," he said.

Knowles said she was able get Waldahl's full VA disability benefits back, and Waldahl promised to repay the \$2,000 just as soon as he can.

"I'm going to pay her back if I have to turn off my TV set," Waldahl said. "The only thing I need is water and electricity."

This is far from the first time that Knowles has come to the aid of a struggling veteran.

"A veteran who is truly in need, we try to help them," she said. "It's caring about them. I've done this 38 years. It's my passion."

Knowles said she often puts veterans up in area motels, sometimes using donations from other veterans and her own money. She provides them with transportation to hospitals and with assistance to pay their light bills.

She said the number of veterans she helps is rapidly growing, partly because of the economy.

"To me, this is my job, to help the veterans," Knowles said.

ACTION OR MOTION: Motion to approve Consent Agenda as presented

SAMPSON COUNTY, NORTH CAROLINA

The Sampson County Board of Commissioners convened for their regular meeting at 7:00 p.m. on Monday, January 7, 2013 in the County Auditorium, 435 Rowan Road in Clinton, North Carolina. Members present: Chairman Billy Lockamy, Vice Chairman Jarvis McLamb, and Commissioners Albert D. Kirby, Jr., Harry Parker, and Jefferson Strickland.

The Chairman convened the meeting and called upon Commissioner Parker for the invocation. Commissioner Strickland then led the Pledge Allegiance.

Approval of Agenda

Upon a motion made by Commissioner McLamb and seconded by Commissioner Strickland, the Board voted unanimously to approve the agenda with the addition of a Closed Session regarding personnel pursuant to 143-318.11(a)(6).

Item No. 1 Roads

<u>Monthly Report - NCDOT</u> Keith Eason, NCDOT Highway Engineer, was present. He had no specific reports on secondary roads construction as work is typically dormant during this time of year. Commissioner Kirby asked for clarification on the criteria for roads to receive state funding, and Mr. Eason explained that there was a manual of minimum construction standards and noted that roads built prior to 1975 were grandfathered. He provided a copy of certain pages from the manual. It was noted that the agenda included the secondary roads annual statement for 2012. Commissioner Parker asked about future work on roads which were only scheduled for patching, etc. Mr. Eason explained that the annual statement contained a lot of the work the Department does to a road prior to paving.

<u>Request for Addition of Carly Lane to State Secondary Road System</u> Commissioner Strickland disclosed that he was President of Lakewood Land Company, and had two partners in the venture. The corporation was requesting the addition of Carly Lane. He asked to be excused from the vote because of the potential conflict. Mr. Eason explained that Carly Lane met the standards for inclusion in the state system, and a resolution from the Board was required for the Department to proceed to accept the road. Upon a motion made by Commissioner McLamb and seconded by Commissioner Parker, the Board voted unanimously (with Commissioner Strickland abstaining) to adoption a resolution requesting the addition of Carly Lane to the State secondary roads system. (Copy filed in Inc. Minute Book _____, Page _____.)

Item No. 2: Planning and Zoning Items

<u>**TA-12-12-1**</u> Chairman Lockamy opened the public hearing and called upon Planning Director Mary Rose who reviewed the request to amend Section 3.3.1 of the Sampson County Zoning Ordinance to include Automobile, Wholesale as a Special Use in a RA-Residential Agriculture District. Ms. Rose explained that the applicant had requested to include Automobile, Wholesale as a permitted use in a RA-Residential Agriculture District, but staff had recommended that it be included as a special use, explaining that a special use would require a site plan to be presented to the Planning Board, with approvals on a case by case basis with any special conditions. She noted that Automobile, Retail was currently a permitted use in a Commercial District in the County and as a special use in a Residential Agriculture District, so Automobile Wholesale was recommended as a special use in a Residential Agriculture District as well. The floor was opened for comments, and Rochelle Parker, the applicant, noted that the neighbors to his property were his in-laws, and they had no problem with his request. The hearing was closed. Upon a motion made by Commissioner Kirby and seconded by Commissioner Parker, the Board voted unanimously to approve the request to amend Section 3.3.1 of the zoning ordinance to include Automobile, Wholesale as a special use in a RA-Residential Agriculture District.

<u>Appointment to Planning Board</u> Upon a motion made by Commissioner McLamb and seconded by Commissioner Kirby, the Board voted unanimously to reappoint Scott Brown to the Sampson County Planning Board.

Item 3: Reports and Presentations

<u>Recognition of Retirees</u> The Board presented plaques to retirees Dwight Barber, Sallie Bryant, Barbara Burch, Dan Holland, and Kent Wooten.

<u>Introduction of Animal Shelter Director</u> County Manager Ed Causey introduced newly-hired Animal Shelter Director Alan Canady. Mr. Causey noted that this was Mr. Canady's first day; he had come from Cumberland County where he worked in Animal Control for six years. Mr. Causey explained that the County had twenty applicants for the position, which were narrowed down to six, four of which were interviewed. Mr. Canady stated that it was a privilege to return to work for Sampson County; he had worked previously for the Sheriff's Department , and felt that Sampson County was his home given how close he lives to Sampson County, even though he lives in Cumberland County. He expressed his desire to build upon what had already been started at the shelter, building relationships with the Board, citizens, and rescue groups. He stated that he looked forward to a long-term career with Sampson County.

<u>Financial Report</u> Finance Officer David Clack provided a financial report comparing revenues and expenditures for the period ending December 31, 2012 (the

first six months of the fiscal year) to the period ending December 11, 2011. (Copies of report attached hereto.) He noted the report would be updated and presented again at the Board's upcoming work sessions.

Item No. 4: Action Items

Public Hearing - 2014 Community Transportation Grant The Chairman reconvened the hearing (continued from December 3, 2012), and called on Todd Daughtry, Transportation Coordinator. Mr. Daughtry reviewed the application for grant funding, explaining the two areas of requested funding: administrative and capital. He noted the administrative part of the application included funding for salaries and fringe benefits for an administrative support specialist, the transportation coordinator a 20-hour per week administrative assistant, drug and alcohol testing, office supplies, travel, utilities, the system's computer program, advertising and vehicle insurance (with state/federal funding at 85%, local costs at 15%) The capital portion of the grant application also included the replacement of one vehicle which met the state criteria for replacement (with state/federal funding at 90%, local costs at 10%). The total local match required for administration and capital would be \$29,073. The floor was opened for comments, and none were received The Chairman closed the hearing. Upon a motion made by Commissioner Strickland and seconded by Commissioner McLamb, the Board voted unanimously to adopt the grant resolution authorizing submission of the grant and making assurances and certifications regarding compliance with federal and state guidelines. (Copy filed in Inc. Minute Book _____, Page _____)

Acceptance and Budgeting of Grant Funding and Donations for Animal Shelter County Manager Ed Causey reviewed agenda materials regarding grant funding being made available to the Sampson County Animal Shelter. He noted that at last year's planning session, staff had reported that Sampson County was one of the few counties still utilizing a gas chamber for euthanasia, and personnel was increased by one parttime person to prepare to use lethal injection rather than the chamber. This had been delayed, he noted, by the change in department director. The Humane Society of the United States offered a grant of \$7,000, with a stipulation that it would be used to help phase out the use of the gas chamber for animal euthanasia. In addition to the Humane Society grant, he noted that the Animal Shelter was also offered several grants from the Petfinder Foundation: a \$6,300 grant to fund a kennel cough vaccine program, and a \$3,000 grant to fund a FVRCP vaccination program. The goal of both programs is to reduce the number of animals euthanized for health reasons. Commissioner Kirby questioned if the change from the chamber to lethal injection was due to a change in policy or law or was it encouraged for humane reasons. Staff explained that the rationale for the change was both - anticipated changes in state policy, with the state encouraging the change without a mandate, and to achieve the most humane treatment for animals. Mr. Causey stated that staff had thought it would put us in a more favorable light with the state and all those interested in humane treatment of the

animals. Commissioner Kirby stated that he supported the more humane method, but wondered if it would add costs. Mr. Causey noted that the biggest increase in cost would be the labor associated with lethal injections. The trade off in costs would be the reduction in costs associated with the bottled gas and the maintenance of the chamber. The agenda also included information regarding donations from a Twelve Days of Christmas fundraiser, which solicited funds for the purchase of cages and supplies. Upon a motion made by Commissioner McLamb and seconded by Commissioner Kirby, the Board voted unanimously to accept the grants and budget the grant funding and donations as follows:

County Manager Reports

County Manager Ed Causey reported that he had scheduled a Department Head meeting on the upcoming Thursday to begin planning for the upcoming budget. He noted that staff endeavored to have the best budget process possible, and remembering the Board's comments during last year's sessions, invited Board comments as to how to improve the process, including having specific times for departmental meetings so that the Board members could attend if desired. He reminded the Board that in preparing for the planning session, staff was receptive to Board requests for items to be discussed.

Public Comments

No public comments were offered.

Closed Session

Upon a motion made by Commissioner Strickland and seconded by Commissioner McLamb, the Board went into Closed Session pursuant to GS143-318.11(a)(6) to discuss personnel. In Closed Session, the Board discussed whether a residency requirement should have been imposed on the candidate for Animal Shelter Director as a condition of employment. Mr. Causey explained that there is no written residency requirement; it has been an unwritten policy, and it was simply an oversight in the selection of the employee. Staff will bring for Board consideration an amendment to the Personnel Resolution regarding a residency requirement for department heads.

The Board returned to the auditorium. Upon a motion made by Commissioner McLamb and seconded by Commissioner Kirby, the Board voted to come out of Closed Session.

Adjournment

Upon a motion made by Commissioner McLamb and seconded by Commissioner Kirby, the Board voted unanimously to adjourn.

Re: Sampson County Parcel ID # 05047844003

Dear Commissioners,

I am requesting to have my present use value application accepted for the parcel number above. My husband and I own Seven Mile LLC and purchased Parcel ID # 05047844003 in May 2012. We assumed the property was already in the present use value program, because it had been farmed for many years. However, when we tried to submit a present use value application within 60 days after purchase we were informed that the property was not already in the program and that an application could not be accepted until January 2013.

In January I had hand surgery and was sick throughout the month. I did not come across my note to submit the application until February 8, 2013, eight days after the enrollment period ended. My husband and I are farmers and intend to continue to farm this property. We respectfully request that this present value application be accepted.

Sincerely

Jamie B. Chancy

YES NO If this application covers a horticultural tract used to grow Christmas trees, has a written management plan been prepared? If YES, attach a copy. If NO, attach a full explanation of your operation that contains at least the following: year each tract was planted, gross income from each tract, site management practices, number of trees per acre, and expected date of harvesting for each tract.

If this application covers an aquatic species farming operation, enter the total pounds produced for commercial sale annually for the last three years: Year 20__: ____lbs, Year 20__: ____lbs

PART 3 FORESTRY

Attach a complete copy of your forest management plan. Indicate below who prepared the plan:

[] N. C. Division of Forest Resources [] Consulting Forester [] Owner [] Other

Note: The property must be actively engaged in the commercial growing of trees under a sound management program as of January 1 of the year for which application is made.

3 40

Key elements in a written plan for a sound forestland management program are listed below:

- 1. Management and Landowner Objectives Statement-Long range and short range objectives of owner(s) as appropriate.
- Location-Include a map or aerial photograph that locates the property described and also delineates each stand referenced in the "Forest Stand(s) Description/Inventory and Stand Management Recommendations" (item 3 below).
- 3. Forest Stand(s) Description/Inventory and Stand Management Recommendations -- Include a detailed description of various stands within the forestry unit. Each stand description should detail the acreage, species, age, size (here diameter, basal area, heights), condition (quality and vigor), topography, soils and site index or productivity information. Stand-specific forest management practices needed to sustain productivity, health and vigor must be included with proposed timetable for implementation.
- 4. Regeneration-Harvest Methods and Dates-For each stand, establish a target timetable for harvest of crop trees, specifying the type of regeneration-harvest (clear cut, seed tree, shelter wood, or selection regeneration systems as applicable).
- 5. Regeneration Technique-Should include a sound proposed regeneration plan for each stand when harvest of final crop trees is done. Specify intent to naturally regenerate or plant trees.

NOTE: Forest management plans can and should be updated as forest conditions significantly change (e.g. change in product class mix as the stand ages and grows, storm damage, insect or disease attack, timber harvest, thinning, wildfire). The county will andit plans periodically and, to remain eligible for use-value treatment, the plan must be implemented.

PART 4 AFFIRMATION

AFFIRMATION: I (we) the undersigned declare under penalties of law that this application and any attachments hereto have been examined by me (us) and to the best of my (our) knowledge and belief are true and correct. In addition, I (we) fully understand that an ineligible transfer of the property or failure to keep the property actively engaged in commercial production under a sound management program will result in the loss of eligibility. I (we) fully understand that loss of eligibility will result in removal from the program and the immediate billing of deferred taxes.

Essentials of Human Services daylong training seminars

One of the biggest challenges for newly elected and veteran county commissioners is to get up to speed on the complex human services programs that counties operate. Various state and federal laws and regulations typically govern these programs, and learning about all the responsibilities that counties have in the human services arena can be difficult and intimidating.

The NCACC and the School of Government at the University of North Carolina at Chapel Hill have collaborated on a program that is designed to offer county commissioners the opportunity to learn more about the three primary county human services program areas: (1) public health, (2) social services, and (3) mental health, substance abuse, and developmental disabilities.

The registration fee is \$180, and scholarships are available. The daylong course is offered twice: March 19 at the <u>N.C.</u> <u>Arboretum in Asheville</u>, and March 26 at the <u>Doubletree by Hilton</u> in New Bern. To register for either course, please click on the appropriate link. Commissioners who attend either session can qualify for credits through the <u>Local Elected</u> <u>Leaders Academy</u>.

For more information, contact Carolyn S. Boggs, Program Manager at the School of Government, at (919) 966-4157.

Senate passes bill to pay down unemployment insurance debt

The first major piece of legislation to move through both chambers came out this week as the Senate approved a bill to address the state's unemployment insurance debt owed to the federal government. The bill includes several changes that impact counties directly. The current UI reimbursement system for non-profit agencies would be applied to all public agencies, including counties, cities, state agencies, and public authorities. Counties would not be required to pay federal UI taxes, nor be assessed administrative fees for system management costs, but would have to establish a UI account and contribute to the account 1 percent of the quarterly taxable wages paid employees, beginning with the 2013-14 fiscal year. Taxable wages are capped at \$20,900 for 2013 per employee, with the total county contribution of \$209 per employee per year, until the 1 percent balance is met. The first quarterly payment would be made in October 2013, for the July-September 2013 third quarter of taxable wages. Counties will continue to pay benefits claims directly for the 2013 claims year and be required to set aside the 1 percent in taxable wages. Beginning with the 2014 claims benefit payment, claims paid on behalf of former county employees would be debited against the county's UI account. The proposal provides for a transition period, and counties would have until January 2015 to ensure that individual UI accounts contain the required 1 percent taxable wages balance, net of claims paid.

The Senate did not make any changes to the House bill, meaning the legislation now goes to Gov. Pat McCrory.

NCACC Steering Committees hear from legislative leaders

Several NCACC Steering Committees met this week and heard encouraging words from legislative leaders. Rep. Bryan Holloway, one of three chairs of the House Appropriations Committee, attended the Public Education Steering Committee meeting Thursday and said he would support giving counties more of the lottery proceeds that counties are supposed to receive; counties have

received less than 25 percent in the 2012-13 fiscal year and in 2011-12. Rep. John Torbett of Gaston County, a former county commissioner, and Rep. Phil Shepard of Onslow County (pictured at right) attended the Wednesday meeting of the Intergovernmental Relations Steering Committee and had a long discussion about the county role in transportation funding. IGR Chair Gary D. Blevins of Wilkes County reiterated to the legislators that counties have no interest in participating in transportation funding and that any additional revenue authority given to counties should be used by counties to address county needs and not state responsibilities. On Friday, the NCACC Environment and Health and Human Services Steering Committees met. HHS members heard an update on the NCFAST initiative. Former Rep. Mitch Gillespie, who is now an Assistant Secretary for the Department of Environment

House again passes Eminent Domain bill

H8 (Eminent Domain) passed second and third reading in the House on Wednesday by a 110-8 vote. The bill proposes a constitutional amendment, which would be placed on the ballot during the Nov. 4, 2014, general election, to decide if a unit of government can use eminent domain to take property and give it to another party for economic development. It would also give either side the authority to ask for a trial by jury to determine compensation for land seized through eminent domain. A similar bill passed the House in 2007 and 2011, but stalled in the Senate both times. The bill has been sent to the Senate.

House bill aims to expand uses of county lottery proceeds

A House bill filed this week would expand the uses of the county share of lottery proceeds to include "digital learning materials." <u>H97</u> (Lottery funds used for digital learning) is sponsored by Rep. Craig Horn (Union) and would temporarily expand the accepted uses of county lottery proceeds through June 20, 2016. The bill defines digital learning needs as "school connectivity, digital textbooks and instructional resources, or digital devices." The county could also use its lottery funds to provide training for teachers on how to use the digital learning materials. Beginning July 1, 2016, a county could use lottery funds for digital learning needs "only if the State Board of Education determines that the local school administrative unit has demonstrated consistent improvement and growth in student outcomes." Current lottery statutes specifically prohibit a county from using its share of the lottery proceeds for "school technology needs." The bill does not address the county share of lottery proceeds. Counties are supposed to receive 40 percent of lottery proceeds for school construction needs, but have not received the full share of lottery revenues since 2011.

Local bills address school calendar issue

Two local bills would advance a statewide county goal to restore school calendar control to local school boards. <u>H93</u>, sponsored by Rep. George Graham, a former Lenoir County Commissioner, and Rep. John Bell, would exclude Craven County schools from mandated start and closing dates. <u>H98</u>, sponsored by Rep. J.H. Langdon, a former Johnston County Commissioner, and Rep. Leo Daughtry, would do likewise for Johnston County schools. Counties wishing to take advantage of these local vehicles should contact their representative and ask that their school board be added to either of these local bills. The possibility of a statewide bill to address this county legislative goal appears problematic at best.

Slow and steady pace - so far

Through the first 10 full days of the legislative session, 202 bills were filed – 93 in the Senate and 109 in the House. That represents a slight increase from 2011, but is nowhere near the hectic activity prior to 2011. The chart below shows the number of bills filed in the House and Senate in the first 10 days of the previous five long sessions:

| Session | House bills | Senate bills |
|---------|-------------|---|
| 2013 | 109 | 93 |

Grassroots update: Walk the Hall Wednesdays, Meeting in a Box

The NCACC is inviting county commissioners to Raleigh this year to walk the halls with the NCACC advocacy team during the 2013 legislative session. NCACC staff will guide you through the halls of the General Assembly where you will meet with legislators, attend committee meetings and be a part of the advocacy team for a day! If you are interested in joining the NCACC advocacy team in Raleigh for a Wednesday at the General Assembly, please complete **this form**. And please remember to bring comfortable shoes.

The NCACC will mail its Meeting in a Box to all counties next week. The box will contain copies of the NCACC Legislative Goals booklet, white papers on several county legislative goals and information on other legislative issues. Counties are asked to conduct meetings with their local delegation to educate them on the county legislative priorities. Counties will be asked to report on what they learned in their meetings with legislators during the NCACC's <u>April District Meetings</u>. For more information on either of these initiatives, please contact Grassroots Coordinator <u>Alissa Willett</u> at (919) 715-7654.

House, Senate set local bill deadlines

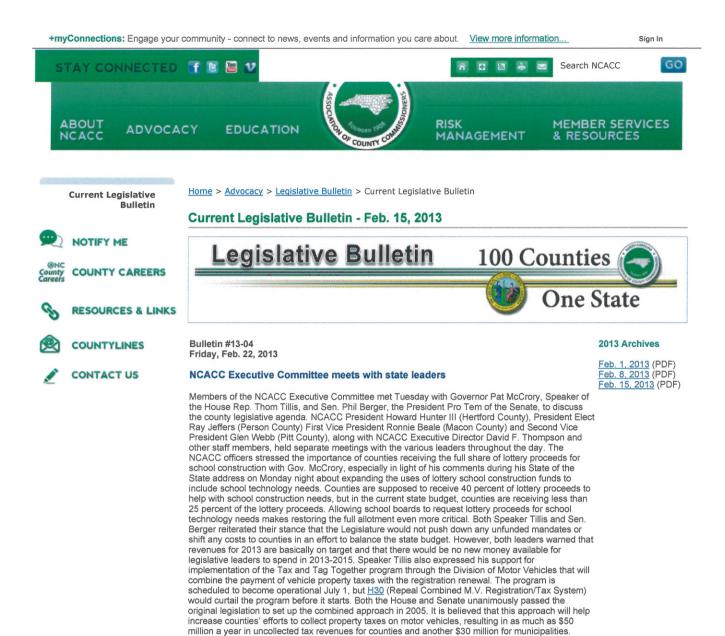

The House and Senate have established their bill deadlines for the 2013 Long Session. For the House, local bills must be submitted to bill drafting by 4 p.m. on Wednesday, March 20 and filed in the House by Wednesday, April 3. For the Senate, local bills must be submitted to bill drafting by 4 p.m. on Tuesday, March 5, and filed in the Senate no later than Wednesday, March 13 by 3 p.m. County officials interested in pursuing local legislation are urged to act quickly to ensure that their requests are eligible for the long session.

This section does not preclude the taxation of the property in accordance with Article 11 of this Chapter." A committee amendment offered by Sen. Robert Rucho, a former Mecklenburg County Commissioner, clarified that the prohibition on local taxes did not extend to property taxes. The bill passed out of Senate Finance and will next go to Senate Commerce. |

Ag Commissioner Troxler visits NCACC Agriculture Steering Committee

North Carolina Commissioner of Agriculture Steve Troxler spoke to the NCACC's Agriculture Steering Committee on Thursday, and expressed his support for both of the NCACC's Agriculture Legislative Goals. Commissioner Troxler said that North Carolina is well-positioned to be a leader in agriculture production in the coming years and that he believes the state needs to be spending more on agriculture research. The NCACC's top agriculture goal is to "Adequately fund agricultural research and extension services." Commissioner Troxler also spoke about the importance of farmland preservation and preserving the existing farms. He expressed concern at the growing number of farms that are being converted into solar farms. The NCACC's other agriculture goal is to "Support and promote conservation of working lands and farmland preservation." The Agriculture Steering Committee is chaired by Henderson County Chairman Charlie Messer. Becky Carney, a former Mecklenburg County Commissioner, and Chuck McGrady, a former Henderson County Commissioner. Senator proposes Joint Legislative Public Infrastructure Oversight Commission

A Senate bill would create a 24-member Joint Legislative Public Infrastructure Oversight Commission to examine "public infrastructure issues in North Carolina in order to make ongoing recommendations to the General Assembly on ways to promote comprehensive and coordinated local, regional, and State planning and investment in public infrastructure." Several local government representatives would serve on the commission, including the Executive Director of the NCACC, or another Association employee as designated by the Executive Director, and the same for the N.C. League of Municipalities and the N.C. School Boards Association. The Director of the Local Government Commission or an employee of the State Treasurer's Office designated by the Director would also serve on the commission. One of the goals for the commission would be to "identify areas in which local governments may require additional assistance in undertaking public infrastructure projects, such as staffing, training, financing expertise, project review, or service delivery." <u>\$102</u> is sponsored by Sen. Fletcher Hartsell of Cabarrus County and has been referred to the Senate Rules Committee.

POLICIES AND PROCEDURES REGARING PUBLIC COMMENT

A period reserved for comments from the public on topics not otherwise included on that evening's agenda will be included as an item of business on all agendas of regularly-scheduled Board of Commissioners meetings and shall be deemed the "Public Comment" segment of the agenda. The Public Comment segment of the agenda will be placed at the end of the agenda, following the conclusion of all other open session business.

As with Public Hearings, the Chair (or presiding officer) will determine and announce limits on speakers at the start of the Public Comment period. Generally, each speaker will be allocated five (5) minutes. **Speakers may not allocate their time to another speaker**. The Chairman (or presiding officer) may, at his discretion, decrease this time allocation, if the number of persons wishing to speak would unduly prolong the meeting.

The Public Comment period shall not exceed a total of thirty (30) minutes unless the Board entertains a successful majority vote to extend this period.

An individual wishing to address the Board during the Public Comment period shall register with the Clerk to the Board prior to the opening of the meeting by signing his or her name, address and a short description of his or her topic on a sign-up sheet stationed in the lobby of the County Auditorium.

If time allows, those who fail to register before the meeting may speak during the Public Comment period. These individuals will speak following those who registered in advance. At this time in the agenda, an individual should raise his or her hand and ask to be recognized by the Board Chair (or presiding officer); and then state his or her name, address and introduce the topic to be addressed.

Items of discussion during the Public Comment segment of the meeting will be only those appropriate to Open Meetings. Closed Meeting topics include, but are not limited to, such subjects as personnel, acquisition of real property, and information protected by the client-attorney privilege. Closed Meeting subjects will not be entertained.

Because subjects of Special and Emergency Meetings are often regulated by General Statutes, there will be no Public Comments segment reserved on agendas of these meetings; however, Special and Emergency Meetings are open for public attendance.

The Public Comments segment of the agenda is intended to provide a forum for the Board of Community to listen to citizens; **there shall be no expectation that the Board will answer impromptu questions.** However, Board members, through the presiding officer, may ask the speaker questions for clarification purposes. The Board will not take action on an item brought up during the Public Comments segment of the agenda and, when appropriate, items will be referred to the Manager or the proper Department Head.
