APPLICANT CERTIFICATION

The applicant represents and certifies that the following are true and accurate.

- The applicant has not constructed, maintained, operate, or modified any wireless telecommunication facility within Sampson County, nor has the applicant allowed other to construct, maintain, operate, or modify any wireless telecommunications facility within Sampson County, NC without the approval of the County.
- The proposed WCF complies with and always will be maintained and operated in accordance with all applicable FCC rules and regulations with respect to environmental effects of electromagnetic emissions.
- Any telecommunications tower, to be constructed as part of the proposed wireless telecommunications facility, is required to be lighted or painted by rules and regulations of the Federal Aviation Administration.
- All improvements, constructed as part of the wireless telecommunications facility shall comply with the Uniform Building Code, National Electrical Code, Uniform Plumbing Code, Uniform Mechanical Code, Association/Telecommunications Industry Association, where applicable.
- Any tower, constructed as part of this wireless communications facility, will be engineered, and constructed to accommodate the number of collocation users specified by local ordinances and the applicant agrees to actively and reasonably market collocation sites to all interested users on a first come, first serve basis.
- • Applicant will submit; or cause to be submitted to the County, copies of the FCC license(s) of each antenna user at the Wireless Communications Facility and notify the County if such FCC license(s) becomes invalid.
- Applicant must certify that the proposed facility is not located within one (1) mile of an existing tower facility.

THIS APPLICATION SHALL NOT BE DEEMED COMPLETE UNTIL THE APPLICANT MAKES EACH OF THE ABOVE CERTIFICATIONS BY THE SIGNATURE OF ITS AUTHORIZED REPRESENTATIVE ON THIS APPLICATION.

ADDITIONAL REQUIREMENTS

- A letter of intent indicating the applicant agrees to make all of its wireless communications facilities within Sampson County available to any wireless provider for collocation at commercially reasonable rates, provided such facilities are structurally and technically able to accommodate additional providers.
- If the applicant has not previously provided Sampson County with a copy of the FCC license of the WCF user(s), it must do so with this application.
- Copies of all relevant portions of executed leases for the proposed site demonstrating compliance with the local wireless telecommunication facility rules and regulations.
- Application fees are as follows: \$500 for an installation onto an existing structure or for a new telecommunications tower, \$500 for a Radio Frequency Intermodulation Study (collocation only).
- Complete site development plans; including but not limited to tower design plans, site survey, site plan, adjacent owners, legal description of the proposed site and estimated construction time schedules.

THE ZONING ADMINISTRATOR SHALL REVIEW THE COMPLETED APPLICATION AND ADVISE THE APPLICANT OF SUCH ADDITIONAL INFORMATION DEEMED NECESSARY OR APPROPRIATE TO PROCESS OR EVALUATE THIS APPLICATION.
